## LIME BURNERS AND MANSFIELD

To Fight for the Sixth  
Position.

### PLAYERS ARE LOAFING

Fans are Growing Tired of  
Such Facts.

Manager Quinn is Working His  
Hardest to Inject Some Pepper  
Into Work of the Locals.

Bobby Quinn and the Lime Burners went to Mansfield this morning for a series with the Tigers and the battle between the two clubs will be more interesting than usual because the fight is on for sixth place, Mansfield passed us on Sunday and unless the Lime Burners can get the better end of the present series the Tigers bid fair to hold the position.

Sharon is in the last hole but the margin between Sharon and Marion is close and a winning streak on the part of the Three S club will bring it out and put either Mansfield or Marion in that undesirable place.

With the local club there is little chance of climbing any higher than sixth place and there is a big chance that at the finish we will be in either seventh or eighth.

Despite the efforts of Manager Quinn, the club is not going right nor are the players delivering their best efforts. Few of the men will run out their hits. They loaf going down to first and loaf on the bases after they get on. The base running which was improved for a time is all to the bad at present and something is needed. A few applications of pepper to some of the players might help some. One or two might move around more lively with the help of a pocket storage battery.

The fans do not kick much when the locals lose, because luck is against them or because they are outplayed but when they lose close games because they do not run out their hits or because they loaf at other times there is dissatisfaction and it is right that there should be.

The locals had an open day yesterday and enjoyed a day of rest.

Servatius and W. Thomas won Youngstown's game yesterday with timely clouts.

While the White Sox and the Athletics rested yesterday Detroit shipped Washington and jumped into the lead. In the American League only two points separates the first three clubs.

Without is scheduled to do the double for the locals today and York will probably work tomorrow.

For various reasons, one of which is that farmers' wives and daughters have all the work they can do in the house at harvest time, it is not likely that women will ever do much outside farm labor except in emergency, says the Indianapolis Star. At the same time it must be said that the old arguments against it will not hold. It is no heavier than work at the wash tub or the ironing board, and is far more healthful than heading over the sewing machine day in and day out. Yet these occupations are regarded as strictly feminine and no protest is ever raised against them save by women themselves now and then. The exertion is no greater than is called for by gardening, which is constantly being recommended to women by physicians as a means of building up their health; nor does it call for greater physical exertion than golf, or make them more weatherbeaten. Though women are not likely to engage in such work extensively it is not worth while to lift the hands in horror at the thought of their doing so.

More Trouble in Store for the French.  
Paris, Aug. 27.—The correspondent at Casablanca of the Matin telegraphs that a letter has been received in the Arab camp from Mulai Haig, the newly proclaimed sultan, announcing that he is marching to attack the French with a numerous force and several cannon.

Two Men Were Freed by Wolves.  
Duluth, Minn., Aug. 27.—Reuben Wilson and John Robinson, of Duluth, Heights, were freed by wolves and held captive for three hours on a lonely road near the city limits.

Firemen Overcome by Smoke.  
New York, Aug. 27.—Five firemen are in a hospital in a serious condition as a result of inhaling poisonous smoke at a fire Monday night in Hagan & Co.'s warehouse. Quantities of aniline salts, used for making dyes, were stored in the building and burned fiercely, throwing off great volumes of smoke.

Marion at Mansfield.

Youngstown 3; Sharon 2.  
Youngstown batted servatius in with the winning run in the tenth today, after servatius had doubled. Nallin and Ostiediek batted in Youngstown's other runs. B. Thomas deserved a shut-out and would have blanked Sharon easily with any kind of support. Starr's base running was a feature. Score:

### Mansfield Smothered.

Dopey playing by the visitors, coupled with some hard and timely hitting by the locals gave the pumpmunkers ten runs. Lloyd pitched brilliantly and would have scored a shut out but for an error in the fifth. Burns of the locals starred at the bat. Score:

Mansfield 0 0 0 0 1 0 0 0 0—1-4-3  
Ashland 0 1 1 0 2 1 5 0 0—10-12-2

### Free Doctors.

Prof. George E. Stone, who is in charge of the work, writes as follows concerning the course in tree culture given at the Hatch Experimental station of the Massachusetts Agricultural college, Amherst, Mass.: "At the present time we have seven senior students who are taking work in a course which I term the 'Physiology and Pathology of Shade Trees.' So far as I know this is the only course given in this country or anywhere else, and we are turning out quite a few young men who are especially trained to fill intelligently such positions as city foresters or helpers in parks.

"Many of our men at the present time have established firms for the care of trees, and all of them are meeting with remarkable success, some of them employing as many as 200 men. I started this course ten years ago at the request of students, and have been surprised at the way in which it has developed."—Park and Cemetery.

### WILLIE HAD HEADED ORDER.

Garment of His Friend Tommy Jones  
Came in Handy.

There is a certain little boy who will be known to fame as Willie Smith, simply because his name is neither Willie nor Smith. He has a friend whom we will call Tommy Jones for the same good reason.

Willie Smith is very fond of going swimming, and, tradition to the contrary, he goes with his mother's permission. His papa visited the "swimming hole," as such places are usually called when patronized by small boys, and certified that there was no danger, so Willie is allowed to go whenever he pleases. But one day not very long ago he developed a bad cold as the result of the bath.

"With what did you dry yourself when you came out of the water?" asked mamma, who vaguely remembered that she did not remember having seen her small son take a towel with him when he went on the swimming expedition.

"I used my shirt," he explained. And mamma realized that her young hopeful caught his cold by wearing the wet shirt the remainder of the day, so she told him never, never to do it again.

The next time he went swimming fond mamma noted that no towel was brought home.

"Willie," she said, severely, "I told you never to go without a towel. How did you get dried?"

"Oh, I used Tommy Jones' shirt."

### GETS EDUCATION IN AMERICA.

Daughter of Chinese Minister is to  
Enter College.

Chinese women who have been educated in America will receive a distinguished recruit when Miss May Liang Cheng, the only daughter of Sir Chentang Liang-Cheng, the Chinese minister to the United States, returns to her native land.

Miss Cheng is a particularly bright young woman and has attracted much attention in Washington. It is announced that the piquant little Celestial maiden will be educated in Barnard college, although it is said Wells college, Aurora, N. Y., is a possible candidate for the honor of insilling the ideas of western civilization in the pretty Miss Liang's head.

Wells college is the alma mater of Li Hung Chang's granddaughter, Miss Li, now Mrs. Brien.

Miss Cheng is under sweet 16 and dresses in oriental style, as becomes the daughter of the Chinese representative to this country. She speaks English and has shown marked ability in music.—Broadway Magazine.

### Overpaid Austrian Official.

That no sum is too small to be taken into account by the lynx-eyed Austrian officials is evident from an incident reported from Bregenz. The tax office there has just received a formal notice from the high court of justice at Innsbruck stating that an investigation of the accounts of the Bregenz tax office for 1906 shows an overpayment of one heller (one-tenth of a penny) in the salary of one of the officials.

The notice directs that the official be required to refund this sum, which must then be duly entered in the state accounts for the current year. A Vorarlberg paper publishes a facsimile of this interesting document, and gravely expresses the hope that the extoller has not led the overpaid official into paths of extravagant dissipation.

## WILL LEAD SQUADRON

"FIGHTING BOB" TO COMMAND  
FLEET FOR PACIFIC.

Rear Admiral Evans is, with Exception of Dewey, America's Best Known  
Sea Fighter—Renowned  
In Peace and War.

Washington.—Rear Admiral Robley D. Evans, man of war, has just rendered the nation a peace service.

When the news traveled to Japan that the grim old fighter, who has been picked to lead around the Pacific the huge fleet of American battleships, that was the basis of all kinds of war talk, had hobbled with the Japanese admiral, Yamamoto, and assured him that any talk of war between Tokio and Washington was merely midsommer nonsense, Nippon felt relieved and reassured.

Japan knows Evans, in fact his fame has gone all over the world. Having only Admiral Dewey, he is the most famous man in our navy, not even excepting the hero of Santiago, Admiral Schley, who, having passed from active service, is not the factor he once was.

When the great fleet starts for the Pacific Rear Admiral Evans will command the finest squadron of battleships that were ever at one time under the command of any naval officer. From his flagship, the Connecticut, he will command the movements of a company of fighting craft such as only England could bring together.

Evans was picked for the work because he is the reliable man of the navy. Just as Funston is sent for to do all kinds of work that falls to the lot of the army, it is Evans who is selected to handle the difficult matters that confront the naval arm of the service.

There is always assurance that he will discharge his duty with courage and patriotism, and with tact and diplomacy should his mission become a delicate one.

It is significant of his skill in the

Rear-Admiral Evans.

arts of statecraft that one of his first acts after his selection to head the fleet became known, was to win the friendship of Yamamoto, and to make clear that no thought of impending hostilities disturbed his mind.

Evans during his fighting life has enjoyed a unique distinction. He is adored by his men, and he has also known how to hold the favor of Washington.

He began fighting in the civil war when he was still in his teens, and completed his record of actual hostilities by the great work he did with the Iowa at Santiago, when Schley and his commanders were giving the Dons the defeat that virtually ended the war.

In the interval, and since that time, he has rendered the country every kind of service.

If somebody was wanted to scare a South American republic that needed cautioning, but not actual punishment, it was "Fighting Bob" for the service.

Supposing that Emperor William or some other potentate was to be entertained in foreign waters, the immediate demand of Washington was to get on the job the shrewd Yankee far, who in his bluff hearty way could say the kind of things that pleased, but who with shrewd common sense never made a mistake and uttered a sentiment that could be used against him or his country.

Evans is always spoken of as the Yankee tar,
